

Great Neck Middle School PTA Safe Homes Pact

The Safe Homes Pact is a pact among parents that requires a commitment to the following:

- Hosting parties or gatherings in your home only when a responsible adult is present and supervising.
- Secure any firearms in your home and assure that no minors will have access to them.
- All computers and other electronics, which include cell phones and video games, will be closely monitored by a responsible adult.
- Consumption of drugs or alcoholic beverages by a minor, will not be allowed in your home

This is not a legally binding document but a statement of policy. All participating families are noted in the PTA sponsored student directory.
